Legislative framework

The Municipal Budget and Reporting Regulations (MBRR) are designed to achieve a range of objectives, including improving the local government sphere's ability to deliver basic services by facilitating improved financial sustainability and better medium-term planning and policy choices on service delivery.

This report has been prepared in terms of the following legislative framework:

- The Municipal Finance Management Act – MFMA No. 56 of 2003, Section 71,
- and The Municipal Budget and Reporting Regulations

The MBRR highlights the format of the monthly budget statements.

28. The monthly budget statement of a municipality must be in the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act.

The objective of these Regulations is to secure sound and sustainable management of the budgeting and reporting practices of municipalities by establishing uniform norms and standards and other requirements for ensuring transparency, accountability, and appropriate lines of responsibility in the budgeting and reporting process and other relevant matters as required by the Act.

Report to the Executive Mayor

In accordance with Section 71(1) of the Municipal Finance Management Act, I submit the required statement on the state of George Municipality's budget reflecting the particulars up until the end of March 2023.

Section 54(1) of the MFMA requires the Mayor of a municipality to take certain actions on the receipt of this report to ensure that the approved budget is implemented in accordance with the projections contained in the Service Delivery and Budget Implementation Plan.

Part 1: Executive Summary

1.1 Introduction

The monthly Financial Monitoring Report (FMR) aims to provide a regular update on indicators critical to the organisation's viability and serve as an early warning indicator where remedial action is required. The consolidated performance is a high-level overview of the organisation's financial viability and sustainability. The Municipal Manager, as Accounting Officer of the Municipality, is required by Section 71(1) of the Municipal Finance Management Act to submit a report in a prescribed format within 10 working days after the end of each month on the state of the Municipality's budget.

This report is a summary of the main budget issues arising from the monitoring process. It compares the progress of the budget to the projections contained in the Service Delivery and Budget Implementation Plan (SDBIP). Section 54 of the MFMA requires the Mayor to consider the Section 71 report and take appropriate action to ensure that the approved budget is implemented in accordance with the SDBIP.

1.2 Consolidated performance

The following table summarises the overall position on the capital and operating budgets. Take note that the Operating Expenditure only reflects the direct expenditure and exclude all indirect expenditure e.g. Administrative Recharges.
