**APPLICATION FOR SUBDIVISION: ERF 679, SPRINGBOK STREET,
PACALTSDORP**

Your application in the above refers.

The Deputy Director: Planning (Authorised Official) has, under delegated authority, 4.16.18.1 of 30 June 2023 decided that the application for Subdivision in terms of Section 15(2)(d) of the Land Use Planning By-Law for George Municipality, 2023 of Erf 679, Pacaltsdorp into Portion A ($\pm 484\text{m}^2$) and a Remainder ($\pm 632\text{m}^2$);

BE APPROVED in terms of Section 60 of said By-law for the following reasons:

REASONS FOR DECISION

- a) The proposed development promotes residential densification of land, resulting in optimal use of the asset and therefore aligns with the spatial planning principles, objectives and guidelines applicable to the surrounding area.
- b) The proposed development, in the context of these future spatial planning objectives, will not have a significant adverse impact on the character of the area, the streetscape, traffic or the environment.
- c) The subject property is located within walking distance of public transport facilities ("bus stops") and supports the efficiency of public transport systems and transport orientated developments.
- d) The proposal will not have an adverse impact on the natural environment or the neighbouring properties rights and amenities in terms of views, privacy, or overshadowing.

Subject to the following conditions imposed in terms of Sections 66 of the said By-law, namely:

CONDITIONS OF THE DIRECTORATE: HUMAN SETTLEMENTS, PLANNING AND DEVELOPMENT

General conditions

1. That in terms of the Land Use Planning By-law for the George Municipality, 2023, the subdivision approvals shall lapse if not implemented within a period of five (5) years from the date it comes into operation.
2. This approval shall be taken to cover only the subdivision applications as applied for and as indicated on subdivision plan, Plan no.6483/PX3 drawn by GS Savage dated May 2023 attached hereto as "Annexure A" which bears Council's stamp and shall not be construed as to depart from any other Council requirements or legal provision.
3. The approval will only be regarded as implemented on the approval of the SG Diagram by the Surveyor General as well as the registration of Portion A in terms of the Deeds Registries Act.

Notes:

- i. As built building plans must be submitted for approval in accordance with the National Building Regulations (NBR) for all existing structures for the Remainder Erf.
- ii. Building plans be submitted for approval in accordance with the National Building Regulations (NBR) for all proposed structures on Portion A.
- iii. An approved Surveyor General diagram be submitted to the Directorate: Planning and Development for record purposes.
- iv. The applicant is to comply with the National Forestry Act, Act No 84 of 1998, should it be required.
- v. Provisions for the removal of solid waste is to be addressed in conjunction with the Dir: Community Services.

CONDITIONS OF THE DIRECTORATES: CIVIL ENGINEERING SERVICES

4. The amount of Development Charges (DCs) to be paid by the developer are calculated in terms of the George Municipality Land Use Planning By-Law (as amended) and the approved DC Guidelines. With reference to clause above, with regards to the proposed development, the developer will be required to make development contribution, as follows:
5. The amounts of the development contributions are reflected on the attached (**Annexure B**) calculation sheet dated 18/07/2023 and are as follows:

Road	R 8 453.10 Excluding VAT
Sewer	R 16 294.94 Excluding VAT
Water	R 18 832.40 Excluding VAT
Total	R 43 580.44 Excluding VAT

6. The total amount of the development charges of **R43 580.44 Excluding VAT** shall be paid prior to the first transfer of a land unit pursuant to the application or upon the approval of building plans, whichever occurs first, unless otherwise provided in an engineering services agreement or, in the case of a phased development, in these or any other relevant conditions of approval.
7. Any amendments or additions to the proposed development which is not contained within the calculation sheet as dated in condition 5 above, which may lead to an increase in the proportional contribution to municipal public expenditure will result in the recalculation of the development charges and the amendment of these conditions of approval or the imposition of other relevant conditions of approval.

Note: The Development Charges indicated above are based on the information available to the respective engineering departments at the time of approval. It is advised that the owners consult with these departments prior to the transfer of Portion A for a final calculation.

8. As provided in section 66(5B)(b) of the Planning By-Law (as amended), using the date of approval as the base month the amount of R43 580,44 VAT excluded shall be adjusted in line with the consumer price index published by Statistic South Africa up to the date when payment is made in terms of condition 6 above.
9. Development charges are to be paid to the Municipality in cash or by electronic funds transfer or such other method of payment as may be accepted by the Municipality at the time when payment is made.
10. All services -internal, link and relocation of or upgrades to existing - are to be designed by a registered consulting engineer in accordance with Council specifications. This may include bulk services outside the development area but that must be upgraded to specifically cater for the development. All drawings and plans are to be submitted to the applicable department, or any other relevant authority, (hard copy and electronically) for approval prior to any construction work taking place. All work is to be carried out by a suitable qualified/registered electrical contractor under the supervision of the consulting engineer who is to provide the relevant authority with a certificate of completion, and as built plans in electronic format. All costs will be for the developer. No transfers will be approved before all the municipal services have been satisfactorily installed and as-builts submitted electronically as well as the surveyor's plan.
11. Any, and all, costs directly related to the development remain the developers' responsibility.
12. Only one connection permitted per registered erf (Electrical, water and sewer connections). Condition 10 applies.

13. Any services from the development that must be accommodated across another erf must be negotiated between the developer and the owner of the relevant erf. Any costs resulting from the accommodation of such services or the incorporation of these services into the network of another development are to be determined by the developer and the owner of the other erf. (Condition 10 applicable)
14. Any service from another erf that must be accommodated across the development or incorporated into the services of the development: all negotiations will be between the owner/developer of the relevant erf and the developer. Costs for the accommodation of these services or the upgrade of the developments services to incorporate such services are to be determined by the developers/owners concerned. (Condition 10 applicable)
15. Any existing municipal or private service damaged during the development will be repaired at the developers cost and to the satisfaction of the George Municipality. (Condition 10 applicable)
16. Transfers, building plan approvals and occupation certificates may be withheld if any sums of money owing to the George Municipality are not paid in full, or if any services have not been completed to the satisfaction of the Dir: CES & ETS, or any condition of any authority has not been satisfactorily complied with.
17. The Developer is responsible to obtain the necessary approval / way leaves from third parties which include, but is not limited to the George Municipality, Telkom & Fibre optic service provider.
18. No construction activity may take place until all approvals, including way leave approval, are in place, all drawings and material have been approved by the Technical Directorates.
19. Municipal water is provided for potable use only. No irrigation water will be provided.
20. A water meter must be installed by the developer prior to construction to monitor water usage during the construction phase. The Dir: CES (Water section) is to be consulted by the developer, prior to installation, regarding the required specifications. Failure to complying with the water meter application process, will result in the developer being responsible for payment of penalties and/or an estimated non-metered water consumption by this department at a rate as per the applicable annual Tariff List. In this regard, transfers, building plan approval and occupation certificates may be withheld if any sums of money owing to the George Municipality are not paid in full. The water meter is to be removed on completion of construction if so required by the Dir: CES.
21. The developer / erf owner is to apply to the George Municipality for the installation of an individual erf water meter prior to any building work commencing on an erf.
22. The development, in its entirety or in phases, is subject to confirmation by the Dir. CES of the availability of Water and Sanitation bulk treatment capacity at the time of the development implementation, or if developed in phases before the commencement of each phase. A development/implementation program is to be provided by the Developer when requesting confirmation of this capacity from the Dir. CES. If the Developer does not adhere to the program the Dir. CES will be entitled to revise the availability of such bulk capacity.
23. The discharge of surface stormwater is to be addressed by the developer. Condition 10 applies. All related costs are for the developer. The developer is to consult with the Dir: CES to ensure that stormwater planning is done online with the available stormwater master plans.
24. Internal parking requirements (i.e., within the development area), position of accesses, provision for pedestrians and non-motorised transport, and other issues related to traffic must be addressed and all measures indicated on plans and drawings submitted for approval.
25. Adequate parking with a hardened surface must be provided on the premises of the proposed development.
26. No private parking will be allowed in the road reserve.
27. Permission for access onto municipal, provincial or national roads must be obtained from the relevant authorities.
28. Access to parking must confirm to George Integrated Zoning Scheme 2023, and sufficient stacking distance should be allowed for, and indicated on the Site development Plan.
29. Minimum required off-street parking provided, must be provided in terms of the George Integrated Zoning Scheme 2023 parking requirements and vehicles must, in terms of Clause 46(1)(b) readily leave the site without reversing across the sidewalk. Alternative Parking may be supplied in terms Clause 43(1 & 2)

CONDITIONS OF THE DIRECTORATES: ELECTRO-TECHNICAL SERVICES

30. The amount of Development Charges (DCs) to be paid by the developer are calculated in terms of the George Municipality Land Use Planning By-Law (as amended) and the approved DC Guidelines. With reference to clause above, with regards to the proposed development, the developer will be required to make development contribution, as follows:
31. The amounts of the development contributions are reflected on the attached (*Annexure B*) calculation sheet dated 28/07/2023 and are as follows:
Electricity R 21 869.19 Excluding VAT
32. The total amount of the development charges of **R 21 869.19** Excluding VAT shall be paid prior to the first transfer of a land unit pursuant to the application or upon the approval of building plans, whichever occurs first, unless otherwise provided in an engineering services agreement or, in the case of a phased development, in these or any other relevant conditions of approval.
33. Any amendments or additions to the proposed development which is not contained within the calculation sheet as dated in condition 31 above, which may lead to an increase in the proportional contribution to municipal public expenditure will result in the recalculation of the development charges and the amendment of these conditions of approval or the imposition of other relevant conditions of approval.

Note: The Development Charges indicated above are based on the information available to the respective engineering departments at the time of approval. It is advised that the owners consult with these departments prior to the transfer of Portion A for a final calculation.

34. As provided in section 66(5B)(b) of the Planning By-Law (as amended), using the date of approval as the base month the amount of **R 21 869.19** Excluding VAT shall be adjusted in line with the consumer price index published by Statistic South Africa up to the date when payment is made in terms of Condition 32 above.
35. Development charges are to be paid to the Municipality in cash or by electronic funds transfer or such other method of payment as may be accepted by the Municipality at the time when payment is made.
36. All services -internal, link and relocation of or upgrades to existing - are to be designed by a registered consulting engineer in accordance with Council specifications. This may include bulk services outside the development area but that must be upgraded to specifically cater for the development. All drawings and plans are to be submitted to the applicable department, or any other relevant authority, (hard copy and electronically) for approval prior to any construction work taking place. All work is to be carried out by a suitable qualified/registered electrical contractor under the supervision of the consulting engineer who is to provide the relevant authority with a certificate of completion, and as built plans in electronic format. All costs will be for the developer. No transfers will be approved before all the municipal services have been satisfactorily installed and as-builts submitted electronically as well as the surveyor's plan.
37. Should more than two developments/properties be party to or share any service, the Dir: CES & ETS will in conjunction with the parties determine the pro-rata contributions payable.
38. Any, and all, costs directly related to the development remain the developers' responsibility.
39. Only one connection permitted per registered erf (Electrical, water and sewer connections). Condition 36 applies.
40. Any services from the development that must be accommodated across another erf must be negotiated between the developer and the owner of the relevant erf. Any costs resulting from the accommodation of such services or the incorporation of these services into the network of another development are to be determined by the developer and the owner of the other erf. (Condition 36 applicable)
41. Any service from another erf that must be accommodated across the development or incorporated into the services of the development: all negotiations will be between the owner/developer of the relevant erf and the developer. Costs for the accommodation of these services or the upgrade of the developments services to incorporate such services are to be determined by the developers/owners concerned. (Condition 36 applicable)
42. Any existing municipal or private service damaged during the development will be repaired at the developers cost and to the satisfaction of the George Municipality. (Condition 36 applicable)

43. Should it be required, a services agreement is to be drawn up between the developer and the George Municipality, by an attorney acceptable to the Municipal Manager. All expenses will be for the developer.
44. Suitable servitudes must be registered for any municipal service not positioned within the normal building lines. Servitudes must be registered for all electrical services traversing erven.
45. Transfers, building plan approvals and occupation certificates may be withheld if any sums of money owing to the George Municipality are not paid in full, or if any services have not been completed to the satisfaction of the Dir: CES & ETS, or any condition of any authority has not been satisfactorily complied with.
46. The Developer is responsible to obtain the necessary approval / way leaves from third parties which include, but is not limited to the George Municipality, Telkom & Fibre optic service provider.
47. No construction activity may take place until all approvals, including way leave approval, are in place, all drawings and material have been approved by the Technical Directorates.
