Legislative framework

The Municipal Budget and Reporting Regulations (MBRR) are designed to achieve a range of objectives, including improving the local government sphere's ability to deliver basic services by facilitating improved financial sustainability and better medium-term planning and policy choices on service delivery.

This report has been prepared in terms of the following legislative framework:

- The Municipal Finance Management Act – No. 56 of 2003, Sections 71 & 52,
- and The Municipal Budget and Reporting Regulations

The MBRR highlights the format of the monthly budget statements.
28. The monthly budget statement of a municipality must be in the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act.

The objective of these Regulations is to secure sound and sustainable management of the budgeting and reporting practices of municipalities by establishing uniform norms and standards and other requirements for ensuring transparency, accountability and appropriate lines of responsibility in the budgeting and reporting process and other relevant matters as required by the Act.

In accordance with Section 52(d) of the Municipal Finance Management Act, I submit a report to the council within 30 days after the end of the first quarter of 2025/26, on the implementation of the budget and the financial state of affairs of the George Municipality.

The submission of this report forms part of the general responsibilities of the Mayor of a Municipality and is intended to inform and enable the council to fulfil its oversight responsibility.

Part 1: Executive Summary

1.1 Consolidated performance

This report is a summary of the main budget issues arising from the in-year monitoring process. It compares the progress of the budget to the projections contained in the Service Delivery and Budget Implementation Plan (SDBIP).

Furthermore, it compares the quarterly projections for service delivery targets and performance indicators contained in the SDBIP, against the actual outcomes of the municipality's performance in service delivery for the 1st quarter of 2025/26.

The following table summarises the overall position on the capital and operating budgets. Take note that the Operating Expenditure only reflects the direct expenditure and exclude all indirect expenditure e.g. Administrative Recharges.
