APPLICATION FOR CONSENT USE: ERF 6465, GEORGE

Your application in the above regard refers.

The Deputy Director: Development and Environmental Management (Authorised Official) has, under delegated authority, 4.17.3.13 of 24 April 2025 decided that notwithstanding the objection received, the applications for Consent Use in terms of Section 15(2)(o) of the Land Use Planning By-Law for the George Municipality, 2023 for a Guesthouse on Erf 6465, George;

BE APPROVED in terms of Section 60 of said By-law for the following reasons:

REASONS FOR DECISION

- (i) The proposed development will not have a significant adverse impact on surrounding neighbours' rights in terms of privacy, views, and sunlight.
- (ii) The development will not detract from the surrounding residential character.
- (iii) The proposed development will provide economic opportunities through tourism in George.
- (iv) The proposed development adheres to the development parameters as set in the Zoning Scheme.

Subject to the following conditions imposed in terms of Sections 66 of the said By-law, namely:

CONDITIONS OF THE DIRECTORATE: PLANNING AND DEVELOPMENT

1. That in terms of the Land Use Planning By-law for the George Municipality, 2023, the approval shall lapse if not implemented within a period of five (5) years from the date it comes in operation.
2. This approval shall be taken to cover only the Consent Use for guesthouse as applied for and indicated on Site Layout Plan no: 2025/C.V.B./05, dated April 2025, drawn by KMH Architectural Drafting Services attached as "Annexure A" which bears Council's stamp and shall not be construed as to depart from any other Council requirements or legal provision.
3. The above approval will be considered as implemented on the issuing of an occupation certificate in accordance with the approved building plan.

Notes

- *A building plan must be submitted for approval in accordance with the National Building Regulations (NBR).*
- *Stormwater management needs to be addressed to the satisfaction of the Civil Engineering Department as part of the Building Plans.*
- *Provision for the removal of solid waste are to be addressed in conjunction with the Directorate: Community Services.*
- *The developer is to adhere to the requirements of all relevant Acts, as well as all conditions stipulated by any other authority whose approval is required and obtained for this proposed development.*
- *The DC calculations below are based on the information available to the Engineering Departments at the time of approval. The owner is advised to engage with said Departments prior to the submission of building plans.*

CONDITIONS OF THE DIRECTORATE: CIVIL ENGINEERING SERVICES

4. The conditions imposed by the Directorate Civil Engineering Services are attached as 'Annexure B' dated 27/08/2025 must be adhered to.
5. As stipulated in the attached conditions imposed by the Directorate Civil Engineering Services, the amount of Development Charges (DCs) to be paid by the developer are calculated in terms of the George Municipality Land Use Planning By-Law (as amended) and the approved DC Guidelines. With reference to clause above, with regards to the proposed development, the developer will be required to make development contribution, as follows:

The amounts of the development contributions are reflected on the attached calculation sheet dated 27/08/2025 and are as follows:

Conditions

General conditions

- 1 The amount of Development Charges (DCs) to be paid by the developer are calculated in terms of the George Municipality Land Use Planning By-Law (as amended) and the approved DC Guidelines. With reference to clause above, with regards to the proposed development, the developer will be required to make development contribution, as follows:
 - 2 The amounts of the development charges are reflected on the attached calculation sheet dated 27/08/2025 and are as follows:

Roads:	R	8 473,16	Excluding VAT (Refer to attached DC calculation sheet)
Sewer:	R	50 183,53	Excluding VAT (Refer to attached DC calculation sheet)
Water:	R	34 919,47	Excluding VAT (Refer to attached DC calculation sheet)
Total	R	93 576,16	Total Excluding VAT
 - 3 The total amount of the development charges of R93 576,16 shall be paid prior to the first transfer of a land unit pursuant to the application or upon the approval of building plans, whichever occurs first, unless otherwise provided in an engineering services agreement or, in the case of a phased development, in these or any other relevant conditions of approval.
 - 4 Any amendments or additions to the proposed development which is not contained within the calculation sheet as dated in clause 2 above, which might lead to an increase in the proportional contribution to municipal public expenditure, will result in the recalculation of the development charges and the amendment of these conditions of approval or the imposition of other relevant conditions of approval
- Note: The Development Charges indicated above are based on the information available to the respective engineering departments at the time of approval. It is advised that the owners consult with these departments prior to submission of the subdivision plan to ascertain what information they require to provide a more accurate calculation.*
- 5 As provided in section 66(5B)(b) of the Planning By-Law (as amended), using the date of approval as the base month the amount of R93 576,16 shall be adjusted in line with the consumer price index published by Statistic South Africa up to the date when payment is made in terms of paragraph 3 above.
 - 6 Development charges are to be paid to the Municipality in cash or by electronic funds transfer or such other method of payment as may be accepted by the Municipality at the time when payment is made.
 - 7 All services -internal, link and relocation of or upgrades to existing - are to be designed by a registered consulting engineer in accordance with Council specifications. This may include bulk services outside the development area but that must be upgraded to specifically cater for the development. All drawings and plans are to be submitted to the applicable department, or any other relevant authority, (hard copy and electronically) for approval prior to any construction work taking place. All work is to be carried out by a suitable qualified/registered contractor under the supervision of the consulting engineer who is to provide the relevant authority with a certificate of completion, and as-built plans in electronic format. All costs will be for the developer. No transfers will be approved before all the municipal services have been satisfactorily installed and as-builts submitted electronically as well as the surveyor's plan.
 - 8 Consent use approval with regards to Guest houses, School or Hotels are subject to the submission and approval of building plans, which shall include a detailed Site Development Plan (SDP), indicating proposed land use changes to the erf/erven. The SDP should, but not limited to, address all internal parking requirements (ie within the development area) , position of accesses, provision for pedestrians and non-motorised transport, and other issues related to traffic.
 - 9 Any, and all, costs directly related to the development remain the developers' responsibility.
 - 10 Only one connection permitted per registered erf (water and sewer connections). Condition 7 applies.
 - 11 Any services from the development that must be accommodated across another erf must be negotiated between the developer and the owner of the relevant erf. Any costs resulting from the accommodation of such services or the incorporation of these services into the network of another development are to be determined by the developer and the owner of the other erf. (condition 7 applicable)

- 12 Any service from another erf that must be accommodated across the development or incorporated into the services of the development: all negotiations will be between the owner/developer of the relevant erf and the developer. Costs for the accommodation of these services or the upgrade of the developments services to incorporate such services are to be determined by the developers/owners concerned. (condition 7 applicable)
- 13 Any existing municipal or private service damaged during the development will be repaired at the developers cost and to the satisfaction of the George Municipality. (condition 7 applicable)
- 14 Suitable servitudes must be registered for any municipal service not positioned within the normal building lines.
- 15 Note, provisions for the removal of solid waste is to be addressed in conjunction with the Dir: Environmental Services.
- 16 Note, the developer is to adhere to the requirements of all relevant Acts, as well as all conditions stipulated by any other authority whose approval is required and obtained for this proposed development.
- 17 Transfers, building plan approvals and occupation certificates may be withheld if any sums of money owing to the George Municipality are not paid in full, or if any services have not been completed to the satisfaction of the Dir: CES & ETS, or any condition of any authority has not been satisfactorily complied with.
- 18 The Developer is responsible to obtain the necessary approval / way leaves from third parties which include, but is not limited to the George Municipality, Telkom & Fibre optic service provider.
- 19 No construction activity may take place until all approvals, including way leave approval, are in place, all drawings and material have been approved by the Technical Directorates.
- 20 Municipal water is provided for potable use only. No irrigation water will be provided.
- 21 A water meter must be installed by the developer prior to construction to monitor water usage during the construction phase. The Dir: CES (Water section) is to be consulted by the developer, prior to installation, regarding the required specifications. Failure to complying with the water meter application process, will result in the developer being responsible for payment of penalties and/or an estimated non-metered water consumption by this department at a rate as per the applicable annual Tariff List. In this regard, transfers, building plan approval and occupation certificates may be withheld if any sums of money owing to the George Municipality are not paid in full. The water meter is to be removed on completion of construction if so required by the Dir: CES.
- 22 The development, in its entirety or in phases, is subject to confirmation by the Dir. CES of the availability of Water and Sanitation bulk treatment capacity at the time of the development implementation, or if developed in phases before the commencement of each phase. A development/implementation program is to be provided by the Developer when requesting confirmation of this capacity from the Dir. CES. If the Developer does not adhere to the program the Dir. CES will be entitled to revise the availability of such bulk capacity
- 23 If required, the developer is to have a Traffic Impact Assessment (TIA) conducted by a registered traffic engineer. The terms of reference of the TIA are to be finalised with the Dir. CES together with any other approving authority, and who must also approve the TIA. All recommendations stipulated in the TIA report and as approved by the Dir. CES and/or relevant authority are to be implemented by the developer. All costs involved will be for the developer.
- 24 The discharge of surface stormwater is to be addressed by the developer. Condition 7 applies. All related costs are for the developer. The developer is to consult with the Dir: CES to ensure that stormwater planning is done on line with the available stormwater master plans.
- 25 Internal parking requirements (ie within the development area), position of accesses, provision for pedestrians and non-motorised transport, and other issues related to traffic must be addressed and all measures indicated on plans and drawings submitted for approval.
- 26 Adequate parking with a hardened surface must be provided on the premises of the proposed development.
- 27 No private parking will be allowed in the road reserve. The developer will be required at own cost to install preventative measures to insure compliance.
- 28 The approval of the layout of the development and accesses is subject to the George Roads Master Plan and approved by the Dir: CES. A site development plan is to be submitted to the Dir: CES, or any other relevant authority for approval prior to any construction work taking place.
- 29 Permission for access onto municipal, provincial or national roads must be obtained from the relevant authorities.
- 30 Minimum required off-street parking provided, must be provided in terms of the George Integrated Zoning Scheme 2023 parking requirements and vehicles must readily leave the site without reversing across the sidewalk. Alternative Parking may be supplied.
- 31 Site access to conform to the George Integrated Zoning Scheme 2023.
Access to the development is permitted only through the existing municipal road. Direct access from York Street is not allowed.
