Insake/Regarding:	Cancellation of Formal Quotation - GMQ001/26-27 – Manufacture, Supply, Delivery of New Trailers

Notice is hereby given that the above-mentioned tender has been cancelled due to conflicting and inconsistent specifications contained in the formal quotation documentation.

During the review of the formal quotation requirements, it was identified that certain specifications and requirements were not sufficiently aligned and could potentially result in differing interpretations by prospective bidders. In order to ensure fairness, transparency, equal treatment of bidders, and a clear and consistent basis for the evaluation of submissions, it has been determined that the formal quotation cannot proceed in its current form.

Accordingly, the formal quotation process is hereby cancelled.

The specifications and related documentation will be reviewed and, where necessary, amended to ensure that the requirements are clear, consistent, comprehensive, and unambiguous before any future procurement process is initiated.

Bidders are therefore advised that no further action is required in respect of the cancelled tender. Any future procurement opportunity arising from the requirement will be communicated through the applicable procurement channels.

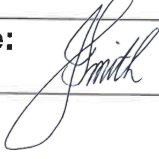

We regret any inconvenience caused and thank all prospective bidders for their interest and participation.

Cancellation of Formal Quotation - GMQ001/26-27 – Manufacture, Supply, Delivery of New Trailers
